

In compliance with DepEd Order (DO) No. 8, s. 2013,
this advisory is issued not for endorsement per DO 28, s. 2001,
but only for the information of DepEd officials,
personnel/staff, as well as the concerned public.

**INVITATION OF THE UNIVERSITY OF THE PHILIPPINES ACADEMIC LEAGUE OF
CHEMICAL ENGINEERING STUDENTS, INC. (UP ALCHEMES, Inc.)
TO HIGH SCHOOL STUDENTS FOR THE RESEARCH FAIR 2024**

The University of the Philippines Academic League of Chemical Engineering Students, Inc. (UP ALCHEMES, Inc.) is inviting the high school students to participate in the "Research Fair 2024" to be held on February 1-3, 2024.

Attached is the basic communication dated September 20, 2023, from Ms. Ma. Leighla Ysobel Canton, School Affairs Head, Research Fair 2024, (UP ALCHEMES, Inc.).

Should you have clarifications and inquiries, you may contact Ms. Ma. Leighla Ysobel Canton through this mobile number 0908 860 2363 or at rfsc@upalchemes.org and researchfair.sa@upalchemes.org.

Participation to this event of learners and teachers from public and private schools shall be purely voluntary and will not hamper instructional time in compliance with the provisions of DepEd Order (DO) No. 022, s. 2023 titled Implementing Guidelines on the School Calendar and Activities for the School Year 2023-2024 and DO 9, s. 2005 titled Instituting Measures to increase Engaged Time-on-Task and Ensuring Compliance Therewith and the policy on off-campus activities stated in DO 66, s. 2017.

This is also subject to the no-collection policy as stated in Section 3 of Republic Act No. 5546 also known as An Act Prohibiting the Sale of Tickets and/or the Collection of Contributions for Whatever Project or Purpose from Students and Teachers of Public and Private Schools, Colleges, and Universities (Ganzon Law).

For information.

20 September 2023

Gilbert T. Sadsad
Bicol Region - Regional Director
Department of Education Regional Office

Dear Mx. Sadsad,

Greetings!

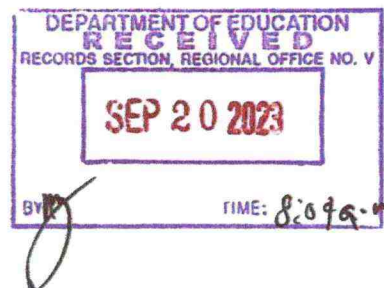

We are from the University of the Philippines Academic League of Chemical Engineering Students, Inc. (UP ALCHEMES, Inc.), a duly registered academic organization from the UP Diliman College of Engineering. UP ALCHEMES is committed to promoting academic excellence, benevolent service, and holistic development through worthwhile projects and programs for its members, the college and the university, and the nation.

This coming February 1-3, 2024, our flagship event, the annual RESEARCH FAIR, will once again commence. Research Fair is a three-day research-based assembly for high school students nationwide. Since its establishment in 2002, Research Fair has become a forefront manifestation of the organization's commitment to promote and uphold scientific excellence among the youth.

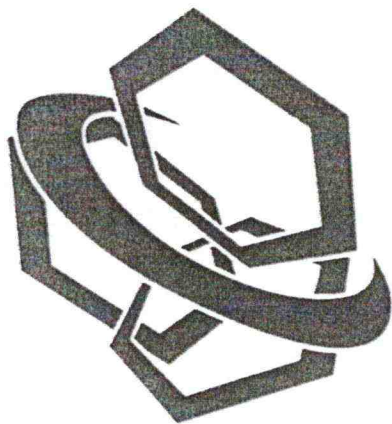

In its 23rd year, with the theme PERSPICAX: Unleashing the Scientific Prowess of the Filipino Youth, Research Fair 2024 is returning in a face-to-face format to provide high school students with an avenue to invest their minds in scientific discovery and innovations through its established sub-events: the Research Competition, the National Science Conquest, and the Youth Science Convention.

In line with this, we would like to request your support in this momentous endeavor in the form of an official endorsement for this particular event. We believe this aligns with your good office's vision of enabling students to realize their full potential and contribute meaningfully to building the nation. Should you accept our request, we would also like to ask for a copy of your official logo, which will be used in our publicity materials. Your support will allow us to reach more participants, especially now that the event is going back to a face-to-face format. It will also help our organization commemorate 23 years of passion for knowledge and keep inspiring today's youth.

Kindly refer to the attached primer for more details regarding Research Fair 2024 and its sub-events. Should you have any clarification or inquiries, please do not hesitate to contact **Ma. Leighla Ysobel Canton** at **+63 908 860 2363** or at rfsc@upalchemes.org and researchfair.sa@upalchemes.org. Your unwavering support and prompt response would be greatly appreciated. Thank you for your kind consideration!

22 JAN 2024

ABOUT THE EVENT

Research Fair is the first and flagship event of UP ALCHEMIES, garnering recognition for the organization through years of service to the Filipino youth. Now in its 23rd year, Research Fair continues its campaign of **driving the passions of the youth and maximizing their potential towards and for scientific innovation and excellence.**

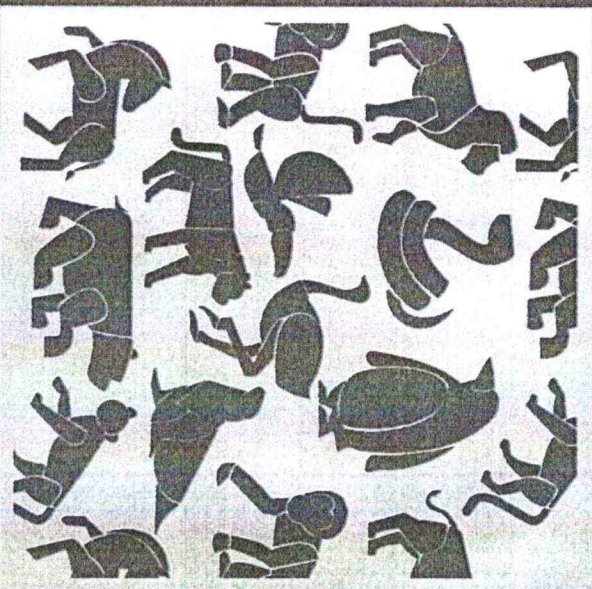

Through Research Fair, UP ALCHEMIES has been acknowledged as one of the **Ten Accomplished Youth Organizations (TAYO)** in 2016. In this competition, Research Fair represented excellence in the field of Education and Technology, having been chosen for its vision to raise the nation's bar of science and technology to a global level.

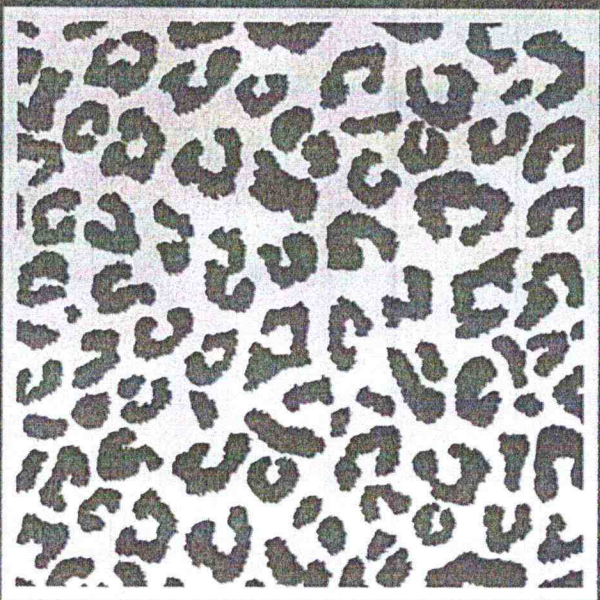

24010008
22 JAN 2024

ABOUT THE THEME

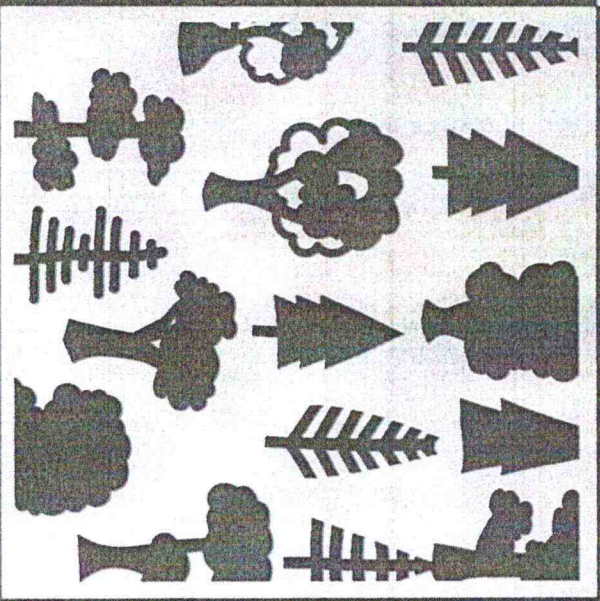

Immersed in the captivating **world of wildlife**, the event space is adorned with diverse images of fauna and meticulously crafted biomes, each serving as a distinct representation of the various subevents.

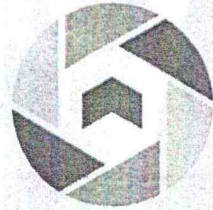

This year's central slogan revolves around '**PERSPICAX**', a term connoting sharpness and keen insight, encapsulating the events mission to awaken the ferocious spirit of Filipino students in the realm of science and technology.

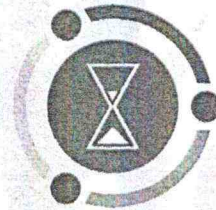

Research Fair 2024 marks a return to a face-to-face format, reaffirming its commitment to celebrating the knowledge, talents, and potential of Filipino youth in driving scientific and technological breakthroughs for the betterment of the community and the nation.

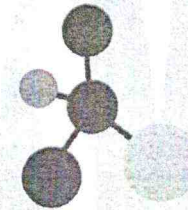

ABOUT THE SUBEVENTS

The **Youth Science Convention** is a series of talks and workshops where experts recognized in their respective scientific fields impart their knowledge and expertise to participants. This sub-event inspires and fuels participants to find their niche in pushing the advancement of science and technology amidst the ever-present winds of change.

The **National Science Conquest** is a friendly competition that tests participants' knowledge and understanding of the various branches of science. Contestants go through various quiz bees and examinations to determine who reigns champion. This competition aims to recognize the potential of the youth to excel in science and technology.

The **Research Competition** is the core of Research Fair. It celebrates the innovation, creativity, and scientific aptitude displayed by the participants in their research projects. This also serves as an avenue for participants and judges alike to be exposed to different research perspectives and insights. The competition promotes engaging in research and recognizing breakthroughs in the fields of science and technology.
