GILBERT T. SADSAD Regional Director DepEd Region No. V Rawis, Legazpi City

Dear Sir:

My name is Treasure Jewel S. Bandojo, a research assistant of SkoolTek Career Predictive Profiling System.

This is in reference to SkoolTek by EdFolio's Research and Development project: Enhancement of SkoolTek 3.0 for Junior High and Senior High: Helping Schools Revolutionize their End-to-End Processes from Entry to Exit which was approved funding by the Department of Science and Technology(DOST) - PCIEERD last May 04, 2023.

The main goal of this Research is to help solve the high rate of SHS and College Course Mismatch by training an Al model that would best predict and recommend the suitable strand or course for the student here in the Philippines.

With this, we would like to seek help from you, the Department of Education, to endorse our Research, so that these Basic Ed Schools can help us by forwarding our research survey to their SHS Graduates for SY 17-18 and SY 18-19. Who have possibly graduated already in college for SY 21-22 and SY 22-23. Our team needs at least 10,000 of these graduates to be able to create the Al Model ready for testing.

Here's our survey Link: https://forms.qle/rLbFLL1b3uKFvBb98
