Testimonial from CESWE Top 5 Atty Michelle Diana Maniwang-Bisa.
GML Review Center was a big help when I was preparing for the CESWE. It provided simulated exams and held practical coaching on how to tackle the exams. It not only provided for the knowledge and review materials which is useful in taking the exams but it also gave one confidence to pass it as well.

CESWE Testimonial

I had been undecided whether or not I should take the Career Executive Service Written Examination (CESWE). Chancing upon GML Review and Consultancy's advertisement was a God-send to me. It was a sign and it gave me the courage to take the next steps in taking the CESWE.

GML has several packages that can cater to the needs of the takers. There are packages for those who want to self-study or those who are more comfortable in a classroom setting. The review materials are available in written, pdf, audio and video formats, so anyone can easily study anywhere, anytime, and at one's own pace. The self-study review materials helped me hone my critical thinking, mathematics and problem recognition skills.

Any person taking the CESWE should attend GML's final coaching. GML shared tips and guidelines, which varied from simple tips, like the number of pencils to bring, to the more complex, such as powerful words or phrases that can be used when crafting essays. It gave me an idea of what the actual CESWE would be like.

Discipline, determination, and time management combined with the skills I honed from GML review and final coaching helped me hurdle the CESWE. All these were made possible because of the guidance of GML; the inspiration of my bosses; love and support of my family, friends, and colleagues; and the grace and blessings from the Lord, our God.

Testimonial:

I wanted to take a moment to express my heartfelt gratitude to the GML Review Center for the invaluable assistance they provided me in passing the CESWE. Living in Surigao del Norte, I was initially worried about finding a review center that could help me prepare for this challenging exam. However, thanks to their online review program, I was able to overcome this hurdle and ultimately pass the test.

Despite the distance, Sir Gilbert is always accessible and responsive to my queries and concerns. I appreciated the flexibility and convenience of the online review sessions, which allowed me to study at my own pace and in the comfort of my own home. The materials they provided were comprehensive and well-structured, and I felt confident and well-prepared heading into the exam.

I want to express my appreciation to the entire team at GML Review Center for their hard work, dedication, and expertise in helping students like me achieve their goals. Their efforts have made a tremendous difference in my life, and I will always be grateful for the support and guidance they provided.

Thank you once again especially to Sir Gilbert!
