**TRAINING COURSE ON VALUE FOR MONEY AUDIT**

**Introduction**

In the past decades, public audit institutions have increasingly focused not only on auditing public sector financial accounts, but also on scrutinizing whether public money has been used economically, efficiently and effectively. In other words, whether public spending is 'Value for Money' (VFM). There is, however, no prescribed or one-size-fits-all approach to VFM audit, which makes it a challenging undertaking from a methodological and practical point of view. This course will provide participants with a 'step by step' approach that they could use in planning and delivering VFM, culminating in how to report findings and secure change most effectively.

**Duration**

5 Days

**Course Fee:** 1100 USD

Online Fee: 600USD

Register [HERE](#)

**Course Objectives**

24099688
